**Mary Noble, Janet Mehigan : The Encyclopedia of Calligraphy Techniques** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Encyclopedia of Calligraphy Techniques:

0 of 0 people found the following review helpful. Five StarsBy CustomerGreat Book. Worth every penny3 of 4 people found the following review helpful. The Encyclopedia of Calligraphy TechniquesBy K. WilloughbyDelightful book! Updated inforamtion and great illustratoinis to get creative juices flowing. Really worth having in a calligraphy collection - this book has been updated from previous editions and done really well!0 of 0 people found the following review helpful. Five StarsBy darleneGreat to learn new ways in calligraphy

Calligraphy is enjoying a resurgence in popularity, especially as many people now choose to create their own wedding invitations, birth announcements, and other cards, and to give them a special, personal touch. This is the ideal how-to guide for the beginner or intermediate calligrapher interested in expanding his or her repertoire with more than 50 drawing techniques. The lavishly illustrated book is a comprehensive manual that covers essential tools and materials, basic penmanship, hand position, and illumination. Each technique is illustrated by clear, full-color photographs. An extensive gallery section highlights a marvelous and inspiring range of different calligraphy effects. This new addition to our popular Encyclopedia of Art series has wide appeal for older children and adults.

About the AuthorMary Noble studied calligraphy with Englands prestigious Society of Scribes and Illuminators. Janet
