From Brand: Literary Licensing, LLC : The Encyclopedia Of Common Diseases before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Encyclopedia Of Common Diseases:

0 of 0 people found the following review helpful. I like that he's curious about being healthy By kim My 10 year old son requested this. He loves it and even bring it to school for silent reading time. I like that he's curious about being healthy. He reads it quite often. Very interesting book. 7 of 7 people found the following review helpful. Five Stars By Pyotr H. Went to read the first page Now I got cancer. 10/10 10 of 10 people found the following review helpful. 5 stars By B.G. Excellent book. I bought it used so there was damage to the corners of some of the pages. There is also

damage to the book jacket but when I took it off, it looked great. Overall, this is a great book for anyone interested in diseases or, in my case, SCP-1025.

Format Paperback Subject Literary Collections

About the Author Rodale is the founder of Rodale Press, Inc. His visionary that healthy soil is directly related to healthy people was originally controversial, but has proven to be a truly timeless philosophy.
