My sister gave Mama a copy as a gift in the 1980's, and it was unfortunately lost in a house fire in 2016. I searched high and low for just this copy as there are so many that we made, and a few we tinkered with to make them more "our" recipes. The recipes are for real food, are easy to follow, and there are different sections for meats, desserts, and so forth. A real treasure trove of recipes and a few that I barely remember Mama making, but when I look at the pictures, I can almost smell the delicious aromas again. 3 of 3 people found the following review helpful. Best cookbook I have found By Eric Hanson Best cookbook I have found. I LOVE the Mocha Cream Cheese Cake. It is THE BOMB!!!! Try the vegetable garden cake too. It is a wonderful treat if you like carrots and zucchini. How about a main dish? The Lemon dill chicken is really good too. So many wonderful recipes. So little time. 3 of 3 people found the following review helpful. The Encyclopedia of Creative Cooking By Carolyn This is the most amazing cookbook. I bought one for my sister and I both. Someone borrowed my copy and never returned it. So I bought another one thru .com and it is in excellent condition for a penny. How great is that. My sister lives in Michigan and I live in Arizona. We call each other and share recipes from this book all the time. We can look at the same page and the pictures are wonderful.
