Carol Ann Rinzler : The Encyclopedia of Dental and Oral Health (Facts on File Library of Health Living)
before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Encyclopedia of Dental and Oral Health (Facts on File Library of Health Living):

A collection of comprehensive resources for understanding and coping with the complexities of modern health and social concerns. It provides an objective overview of the essential facts and wider social ramifications that have been established by experts about the afflictions covered.

About the Author Carol Ann Rinzler writes a nutrition column for the New York Daily News and has authored more than 20 books. Ken DeVault, MD, is coauthor of the American College of Gastroenterology's official guideline statements on the diagnosis and treatment of GERD. Mark S. Wolff is Professor and Chair of the Department of Cariology and Comprehensive Care at the NY University College of Dentistry. Dr. Wolff holds a DDS degree, a PhD in Oral Biology and Pathology, and a general practice residency certificate, all from Stony Brook University. He also completed an externship in periodontics at the Veterans Administration Medical Center in Northport, New York. Prior to joining NYU, Dr. Wolff implemented major educational and patient care innovations during 24 years as a faculty member and administrator at Stony Brook, including a first-year operative dentistry curriculum, a senior general practice training program, and a joint PhD/postdoctoral certificate program combining clinical and didactic training in general dentistry and diagnostic science. Dr. Wolff's appointments at Stony Brook included Professor of General Dentistry and of Oral Biology and Pathology; Director of Operative Dentistry; and Associate Dean for Information Technology and Special Projects.
