Feminine, beautiful, and cool, ceramic lady head vases were originally sold by florists during the 1950s and early 1960s. Today, the vases are surprisingly valuable in the antique and collectibles market. In this expanded and updated

edition, more than 1000 charming vases are illustrated in color, along with dimensions, manufacturer information, and current market values. Collecting tips will aid those new to the field; the beautiful pictures will delight anyone with an interest in the art form.
