From Brand: Tfh Pubns Inc : The Encyclopedia of Marine Invertebrates before purchasing it in order to gage whether or not it would be worth my time, and all praised The Encyclopedia of Marine Invertebrates:

0 of 1 people found the following review helpful. and totally indispensable for a marine biologist and Conchologist like myself, Take it regularly to the tide-pools with ...By Vintage manBought my copy from a Goodwill for a buck...199 pennies well spent, a masterpiece by Walls, and totally indispensable for a marine biologist and Conchologist like myself, Take it regularly to the tide-pools with wifey.4 of 4 people found the following review helpful. Out of date, lacks MANY common speciesBy John V SimonThis book is almost 20 years old and it shows. It lacks many common species, and what information it does have is very very high level. I would recommend that the reader find ANOTHER book. I wish I had spent my money elsewhere.0 of 3 people found the following review helpful. Encyclopedia of Marine InvertebratesBy A CustomerThis is a wonderful and informative book that you will want to have in your collection if you are thinking about becoming a "reefer" or are already one. You will find the answers to the many questions you will have in this fantastic book.
