The blue one is fine the red one has fallen apart. She loves these books but the red one is now unreadable because it fell apart. What can be done about this situation . Thank you, Nanci Allen.2 of 2 people found the following review helpful. consider age when purchasing, but excellent service and conditionBy AngelaFun book for a ten year old, but some slightly inappropriate humor for my seven year old in my opinion.1 of 1 people found the following review helpful. It is a good conversation piece.By Timothy L MartinIt is good for sitting out and letting people look at, but not something I would buy very often. Just my two cents.

We know diary sounds like it has a cute little lock and maybe a kitten on the cover, with pages to be filled with the sensitive writing of a tender soul. Yeah this diary is nothing like that. We bring you a wise-cracking collection of write-

in-the-book activities immortalizing the triumphs of a smart-aleck youth. For the benefit of unauthorized snoops, it comes with a few fake, fill-in-the-blank, parent-praising journal entries. Other entries include the What kind of fool am I? quiz and the What will you barely grow up to be? fortune-teller. Throughout, directed activities share space with open-ended journal prompts. And dont forget the handy pen that comes along with the book.Comes With: pen Create wonderful things Be good Have fun
