Mike Alleyne : The Encyclopedia of Reggae: The Golden Age of Roots Reggae before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Encyclopedia of Reggae: The Golden Age of Roots Reggae:

0 of 0 people found the following review helpful. A Collector's must! By M. Veerasawmy I originally rented this book from our local library and fell in love with it. So I found it here on , where I go for everything and found it for a great price! 0 of 0 people found the following review helpful. ... reggae The Golden age of roots reggae is an amazing book I saw this book years back and only ... By Dave Brown The Encyclopedia of reggae The Golden age of roots reggae is an amazing book I saw this book years back and only got it this year enjoy reading it a lot I even bought 2 more copies for my friends, the price of the use book is the best way to go 0 of 0 people found the following review helpful. Five Stars By chads a gauger thanks

This heavily illustrated guide to reggae is a colorful, herby, and sunsplashed history of one of the world's most popular musical styles. Reggae was born in 1960s Jamaica, a potent mix of such indigenous genres as ska and rocksteady plus RB, jazz, and traditional African rhythms. Before long, it had conquered the globe, influencing musicians from Britain to Brazil. The Encyclopedia of Reggae focuses on the music's golden age, from the late 1960s to the mid-1980s heyday of dancehall, and features more than 500 images, including rare album art and ephemera. Written by one of the foremost experts on the subject, this amazing resource profiles more than 200 key performers,

impresarios, and producers from reggae's history.

Reggae has been evolving and growing in popularity since the early 1960s. Alleyne's (recording industry, Middle Tennessee State Univ.) authoritative look at the entire genre includes comprehensive articles on 25 major reggae stars and features 14 sidebars explaining everything from dub to dancehall. David Moskowitz's *Caribbean Popular Music: An Encyclopedia of Reggae, Mento, Ska, Rock Steady and Dancehall* offered a good start on this subject, but its solid information was paired with only a few black-and-white photos. This new book is much more visually appealing, in full color and with vibrant four-color artwork that makes it a fun browse as well as a useful reference title. **VERDICT:** This well-written and informative book covers most, if not all, of the main performers of reggae's golden era, and should be included in all comprehensive music and reggae collections. --Library Journal
