Kevin J. Todeschi : The Encyclopedia of Symbolism (Creative Breakthroughs Book) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Encyclopedia of Symbolism (Creative Breakthroughs Book):

1 of 1 people found the following review helpful. but it is actually the best dream dictionary out there because it is simple By W. Maughan It says Encyclopedia, but it is actually the best dream dictionary out there because it is simple, concise, and realistic. It's a dream dictionary for people who don't believe in dream dictionaries because it's all about understanding symbols in general, and not necessarily just in dreams. All cultures are rife with symbols, and by being savvy about them you can understand much about how people think and what is important to them. This isn't a comprehensive work. You won't find every symbol in it. Still, it is something more useful than comprehensive; it is exemplary. By that I mean, each symbol listed shows the reader how to understand symbols. By using this book regularly, you will eventually get a "feel" for symbols in general and find you can often figure them out without the dictionary, though the book itself is useful as a reference. 0 of 0 people found the following review helpful. To basic

and genericBy RebeccaTo basic. Waste of money sadly. Not sure what I was looking to find but this isn't it.1 of 1
people found the following review helpful. I believe that the spirit world sends us signs everyday ...By sandi allenI
believe that the spirit world sends us signs everyday and this book helped me to understand the meaning of some of
those messages

[Note: This book has been republished as: DREAM IMAGES AND SYMBOLS.]Offering over 2000 definitions and
interpretations of myths and metaphors, this work provides an investigation of the world of creative symbolism.
