Ive made Abbys Dodges doughnuts, breads, morning buns, biscuits, cakes and all of are as beautiful as they are flavorful. Abby is a generous, reassuring teacher, but shes also meticulous. Every recipe includes precise measurements and crystal-clear directions. Trying new techniques is straightforward; Abby includes a number of process photos that demonstrate techniques that can be used throughout the book. Im excited to keep baking and highly recommend this book for bakers of any level.5 of 5 people found the following review helpful. Great Book, Poor Book Binding.By Neen VThis is a great comprehensive book - I have another book by this author. I

recommend the book, and would have given it 5 stars except for the flawed binding. The book is large heavy. The cover is well made and strong - which it should be for the 617 large pages of the book. The problem is the cover binding is not well done, and I can see that with even moderate use this cover will completely pull away from the spine of the book. I noticed this and returned the book to . The replacement book arrived today, and the same flawed cover binding is on this copy too. This is probably the case on lots of copies, so I'm keeping it because of the quality of the recipes and techniques. Just so you know. . .9 of 10 people found the following review helpful. Abigail Johnson Dodge outdid herself! By Alice I almost didn't order this book (my cookbook shelf recently broke from all the weight!), but I am so glad that I did! I use Weekend Baker by Mrs. Dodge every week - in fact I had to order a second copy because the pages fell out from overuse. I credit that book for finally teaching me how to bake bread. Everyday Baker really expands upon Weekend Baker. There are tons of recipes, both sweet and savory, and lots of tempting photos. Beyond buying this book for the recipes (which are delicious!), Mrs. Dodge is an amazing teacher, with lots of specific advice on techniques and close up photos to go with the instructions in case you're a visual learner, I am so excited about this cookbook!

That's how often we want to make the recipes from this baking pro who still makes it all too fun. We're as undone by her mini pancetta quiche as we are by her double chocolate espresso wake-up bread. And if you've ever wanted to make English muffins, Abby makes it easy--and maybe an everyday necessity. Just wow." (Bruce Weinstein and Mark Scarbrough, Authors of The Great Big Pressure Cooker Book)"Abby Dodge is the best baking teacher I know, bar none. To see her amazing techniques and genius flavor pairings come to life in this soon-to-be classic resource is pure joy. With hundreds of helpful step-by-step photos and so many "extras"--from flavor swaps and make-ahead tips to finishing touches--The Everyday Baker is a hugely generous cookbook, the kind that invites you to drop everything you are doing and start baking this very minute.
