**Michele M. Granger : The Fashion Intern** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Fashion Intern:

0 of 0 people found the following review helpful. Helpful book for my internship classBy Texas MomIt is a useful textbook that was necessary for my capstone internship class in college. It has helped me become successful in my class because it uses concrete examples related to my degree0 of 0 people found the following review helpful. Speedy and in great conditionBy Ami BeckPackaged nicely, everything looks great and got there on time. Thanks!! (Aaaaand I have to keep typing to fit the requirement.)1 of 1 people found the following review helpful. Everything you need to know about an internshipBy LizzieThis book is excellent. It starts with locating internship opportunities, then moves on to how to write a resume, have an interview, and get the job. Highly recommend it!

This comprehensive and easy-to-read new edition of The Fashion Intern first guides students in preparing to search for

and secure an internship, and then challenges the student to critique the internship organization from the perspective of a business analyst. In this way, the student may primarily work in one area of the business, but must be exposed to the business in its entirety in order to complete the text, gaining a holistic view of the company. Text includes information on emerging fashion career options in communications and entrepreneurship, international internship opportunities, and the role of technological tools as today's job seeker's marketing package. Interns in fashion merchandising, retailing, design, product development, promotion, and production will end up with a polished and professional product for their portfolio. Instructors, contact your Sales Representative for access to Instructor's Materials.
