11 of 11 people found the following review helpful. a primer for beginnersBy catcamebackThis book is more appropriate for elementary users than experienced ones. It includes exercises and is classroom friendly. However, for an intermediate/advanced user it's a little too basic; Mark Johnson's Finale 2014 is probably a more appropriate choice. Finale's more advanced features such as the integrated Aria player, Garritan instruments or 3rd party samplers, adding audio tracks, mp4 video, etc., are pretty much glossed over.1 of 1 people found the following review helpful.
