Paul Scime : The Frugal Factor before purchasing it in order to gage whether or not it would be worth my time, and all praised The Frugal Factor:

0 of 0 people found the following review helpful. Useful Info for the PriceBy Big Dog FarleyBook has great snippets and tricks to save some cash. Info is easy to follow and applicable for daily use. Definitely a good resource for those wanting to live a frugal lifestyle.0 of 0 people found the following review helpful. Great Book!By drud1995The Frugal Factor more than pays for itself with the useful tidbits of information provided and I can't recommend it enough!

The Frugal Factor - Better Living Through Rebates Discounts and Deals. It's not how much money you make; it's how much you keep! Written by a teacher, reading The Frugal Factor teaches how to have fun and involve your whole family, while saving money and getting the best deal. This is not just a storybook, The Frugal Factor provides all the information and resources you need to start keeping more of your money and improving your lifestyle. The Frugal Factors is packed with detailed information on how to save money while still buying the things you need and want. Through these pages are real life success stories. The author and his family completed all of these deals. These include FREE cell phones, FREE DVR's, making money buying FREE after rebate items and many more. In these pages you will learn how to read UPC codes, techniques for the best online deals, how to replace your cell phone at little or no cost, how to double dip on rebates, maximize online and grocery store coupons, and the secrets to winning Ebay auctions. The chapter on credit cards will show you how to make hundreds using credit card promotions, and by planning you next vacation the Frugal Factor way you will be able to spend less and do more. This book is for people who want to save money and improve their lifestyle. After reading The Frugal Factor you will be ready to "Do the Deal".
