BEST GIDHLIG DICTIONARY I'VE FOUND!!By When life gives you lemons, make lemonade!I have 6 other Gidhlig dictionaries and not one of them hold a candle to Themis gen. It was worth EVERY penny!! Not only does it give the definition it gives usage explanation. Also verb roots, masculine/feminine and the list goes on. I couldn't be happier with this purchase.0 of 0 people found the following

review helpful. Great book for any Gaidhlig student/learnerBy CustomerGreat book for any Gaidhlig student/learner. Quality work by a professor who has obviously dedicated his life crafting this dictionary. But it is more than a dictionary; the idiomatic usage examples alone are worth the price of the book.1 of 1 people found the following review helpful. excellent resourceBy S. MosherThis is my 3rd Gaelic dictionary, and it is well worth the high price, if just for the copious examples of actual usage. I bought it for my Kindle so could easily look up expressions I find in my reading, no matter whether I'm at home or away.

This book fulfils a keenly-felt need for a modern, comprehensive dictionary of Scottish Gaelic into English. The numerous examples of usage and idiom in this work have been modelled on examples culled from modern literature, and encompass many registers ranging from modern colloquial speech, to more elaborate literary constructions. The main contemporary terms and idiomatic phraseology, often not available in other dictionaries, provide excellent models for easier language learning. In addition to the main dictionary, the volume contains introductory material, providing guidance on using the dictionary, spelling and pronunciation. There are also twelve useful appendices which cover not only the various parts of speech, lenition and proper nouns, but also address the more difficult issues of expressing time, direction and numerals. The clarity of the design and layout of the volume will greatly ease the process of attaining mastery of the Gaelic language.

'Anyone who has tried to learn Scottish Gaelic will be aware of the lack of an up-to-date, practical dictionary. Mr Mark has plugged the gap triumphantly. I heartily recommend it.' - Victor Price, Ross-Shire Journal (31.12.03)About the AuthorMr Colin Mark, a Classics graduate of Aberdeen University, taught in several schools over a period of forty years. During that time he took up the study of Gaelic and, within a few years, had written Gaelic Verbs (Glasgow University Press, 1986) before embarking upon the present work.
