Alfred Tong, Jack Hughes : The Gentleman's Guide to Cocktails before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Gentleman's Guide to Cocktails:

1 of 1 people found the following review helpful. Love this book!!! By daniil bought this for my boyfriend as a birthday gift. We love going out and trying new drinks together and exploring our knowledge of cocktails and such. I bought a "bartender beginner" kit including all the basics to make your own cocktail drinks. I included some books, this being one of them, so he could reference them. The retro themed pictures and descriptions first intrigued me but when it arrived, I couldn't have been more happier! I loved it! The pictures were great! Each page has a recipe and a tip or trick for the lifestyle of going out. There are different themes throughout the book, chapters if you will, of the lifestyle, culture, even movie-inspired drinks from back in the day! It was a great book, not only to have in his library but also just to read! I'm even considering buying it when the holiday season rolls around for some other guy friends.

10/10 would recommend. 1 of 1 people found the following review helpful. Mad Men Cocktails = YES By Cat Lady
This book was a gift, but although I haven't used it I flipped through to check out the format and recipes. It has a vintage vibe - perfect for the Mad Men wannabes in your life!
0 of 0 people found the following review helpful. A fun read
By Mickey Fan
First off, this is a very entertaining book to flip through. I bought it as a stocking stuffer for my husband and we had fun reading through it. That said, we haven't tried any of the drinks in it at this time so I can't really rate it on the recipes. There is a vast assortment of cocktails to try with a lot of fun comments and reading intermixed. The book arrived with some bent pages because of the way it was packaged from , otherwise very happy with this purchase.

A definitive catalog of the most suave cocktails. To shake or stir? Muddle or mix? The Gentleman's Guide to Cocktails answers all of these questions and more. It's the ultimate guide for the cocktail barman. Alfred Tong teaches you how to mix a margarita with mojo, a gimlet with grace, and a pia colada that packs a punch. With more than 150 cocktail recipes personally selected by Alfred for their coolness factor and retro quality it covers classics like the Bloody Mary, fizzes, fogmatics, and alcoholic teas. Illustrated with sophisticated drawings by Jack Hughes, this book will turn the wannabe barman into the perfect cocktail party host.

"As much as you like to drink drinks, when you get behind the bar to mix them, your repertoire is limited to about 3. The Gentlemans Guide To Cocktails contains a whopping 150 recipes for you to work with. After all, if given a choice, your friends will probably drink something besides a vodka soda. " ~WERD.com
"At first glance, The Gentlemans Guide to Cocktails looks like it could have been left lying around on the set of Mad Men. We can only assume that that was intentional, because the only thing that the people on the set of Mad Men seem to love more than drama, women and cigarettes is booze." ~Coolmaterial.com
"Sometimes you don't want to drink beer. Read this book and know what to order next time you're craving some whiskey and taking shots is out of the question." ~The College Gentleman
"A definitive cataloge of the most suave cocktails...It's the ultimate guide for a cocktail barman. ...This book will turn the wannabe barman into the perfect cocktail party host." ~The Fancy
About the Author
Alfred Tong is a freelance journalist and fashion brand consultant. He lives in London with his cocktail shaker. Jack Hughes works extensively across Europe, with his work regularly appearing in The Telegraph, Time Out and other leading publications.
