**Jim Harmon, Donald F. Glut : The Great Movie Serials: Their Sound and Fury** before purchasing it in order to gauge whether or not it would be worth my time, and all praised *The Great Movie Serials: Their Sound and Fury*:

2 of 2 people found the following review helpful. **BAD ! GREAT book!**By MormonYoYoManI have had the hardback for almost 40 years, and it is my favorite writing on the old serials. Plus, it's by two of my favorite writers, one of whom was a very dear friend - though he wasn't when I read the book. The only thing BAD is the price. Almost \$50 for a Kindle book? Something is very **WRONG** with that, unless Jim's widow is getting a hefty percentage of the royalties. 5 of 5 people found the following review helpful. **A Labor of Love**By NostalgianautThis book is a great source for information on the chapterplays of the silent era onward. There are some interesting factoids, such as how Kirk Alyn(Superman) and Lyle Talbot(Lex Luthor) would trade recipes on the set. Alyn later became a food writer for a local paper. I wanted more of this behind the scenes information and less rehashing of the serial plots. Nevertheless, the author's love of his subject is clear and he pays great respect to the comic books from which many of these serials were born. Batman in particular sounds like a racist travesty, with the actor playing Robin sporting a visible tattoo and Batman's gut hanging over his belt. Captain America also got the sore treatment, Cap was given a gun instead of shield. Interesting book on a long lost subject.
