Adam Kadmon : The Guitar Grimoire: Chord Encyclopedia before purchasing it in order to gage whether or not it would be worth my time, and all praised The Guitar Grimoire: Chord Encyclopedia:

0 of 0 people found the following review helpful. This book is a must and the seller the best! By The Beadsman I was so busy studying and using and enjoying this book that I hardly had time to write this super positive review! 1 of 1 people found the following review helpful. Five Stars By J. Palmer Awesome 2 of 3 people found the following review helpful. Book is great packaging not so great! By T. Jackson Hate when you get a Christmas gift that was not packed well. The book arrived with a crease on the cover corner. Now have to decide whether to keep it or return for new one. Wouldn't matter if it were not a gift for someone who takes very good care of their things.

This compendium contains thousands of chords, diagrams and charts organized by best selling guitar author Adam

Kadmon. There is no other chord book published that contains the information and organization of materials that this volume has. All chords from three note structures to elaborate tonal constellations are presented with: 1. Open fingering charts 2. Movable fingering charts 3. Intervallic formula charts 4. Charts organized in harmonic formation sequence.
