before purchasing it in order to gage whether or not it would be worth my time, and all praised The Guitar Wheel: A 2
Ounce Reference Library of Music Theory for All Instruments:

0 of 1 people found the following review helpful. Love itBy John SarverLove it1 of 1 people found the following
review helpful. It works perfectly.By CustomerThe item does exactly what it should and its easy to use. It is also made
from a durable plastic.

(Book). The Guitar and Music Theory Wheel is a visual two-sided music theory reference tool for guitar and piano, covering every musical key. It contains a book's worth of music theory while still fitting in your guitar case! The curved guitar neck design allows for easy visualization of theory on the guitar. The Guitar Wheel is an all-in-one tool for chords: major, minor, diminished; chord inversions; and scales: major, minor, diminished, pentatonic, and blues.

About the AuthorFounded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.
