**From Hispanic Economics : The Hispanic Economics English/Spanish Dictionary of Banking Finance: Words, Phrases, and Terms (Multilingual Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hispanic Economics English/Spanish Dictionary of Banking Finance: Words, Phrases, and Terms (Multilingual Edition):

0 of 0 people found the following review helpful. Missing a lot of key termsBy SparklesNot helpful. It should have English to Spanish and Spanish to English. I have 12+ words that are not in this book. Some are basic for finance

contractual documents. Some terms don't have a meaning, rather an example of the use of the term. Plus, for 2013, it should have some modern/new financial related terms. Another reviewer was right. After all this work, maybe I'll make an app...1 of 1 people found the following review helpful. Pretty comprehensive - I searched for hours on the internetBy Julio M.Pretty comprehensive - I searched for hours on the internet. This is the only book of its type.I now work in Finance abroad (Paraguay).- its a great resource. I use some translation apps, but often missing technical finance terms. I wish it came with an app.0 of 0 people found the following review helpful. More moneyBy luisBe smarter two languages means double the money

With more than 2,300 words, terms, and phrases, this dictionary is the most comprehensive compilation of terminology used by bankers, financiers, investors, and other professionals in the banking and finance industry in the United States. Whether one works in banking, finance, or investments, the correct use of Spanish-language words, phrases, and terms is vital. This is the vocabulary of success in business. Learn these words and phrases. Practice using these words and phrases. In short order they will become part of your vocabulary, and others will see that you are fluent in business Spanish and can speak with the assurance that conveys leadership and success. From "accelerated depreciation" (amortizacin acelerada) to "yield spread" (diferencia de rendimiento), from "currency risk" (riesgo cambiario) to "placement on commission" (colocacin a comisin), communicating with Spanish-dominant clients and colleagues is now a breeze. This book is primarily intended for U.S.-born Latinos who are English-dominant. It is also a useful refresher for non-Hispanic Americans who learned Spanish in school, or who want to refresh their business Spanish vocabulary and usage. This dictionary is as indispensable as a computer password.
