I ordered the workbook for those who like a workbook type study to go with the textbook. It is more like taking notes or reviewing what you just studied. For myself personally the textbook was all I needed. Great for making copies of certain pages to hand out if someone wants them.0 of 0 people

Great way to get a deeper understanding of the subject matter. Loved this book!0 of 0 people found the following review helpful. Better printingBy William JergensenA classic re - issued. This is a much better printing of the original workbook. Excellent for group study.

Widely acclaimed as the most sound, comprehensive, down-to-earth, and useful book on all aspects of the charismatic experience, *The Holy Spirit and You* has been enthusiastically endorsed by virtually every leader in the charismatic renewal. Such is its popularity and practicality that it is now being used as a textbook in a number of colleges, Bible schools, and high schools and home study groups. In this companion teaching manual, the Bennetts guide you gently and quickly in a course of study. Each teaching session opens with a commentary on the chapter assigned, followed by fill-in-the-blank questions for home study, a suggested prayer for larger groups, appropriate scripture, and some suggestions on how to put the lessons of that assignment into practical application.
