From Brand: Chartwell Books : The Human Body Atlas: How the Human Body Works before purchasing it in order to gage whether or not it would be worth my time, and all praised The Human Body Atlas: How the Human Body Works:

2 of 2 people found the following review helpful. Medical book reviewBy pic 3This is a very good good. Tells everything with lg pictures. I am home health nurse and use to explain things to my elderly pts.Arrived fast and well packed.0 of 0 people found the following review helpful. beautifully illustrated, hard cover is a huge plusBy Ms. SunshineFinally! This book is a keeper. It is just spectacular. Pops with color, beautifully illustrated, hard cover is a huge plus! I don't want to stop reading it. Highly recommend. Get it, no regrets! Thank you!0 of 0 people found the following review helpful. Giant help!By EmilyThis book was exactly what I needed....clear context and easy to read

The beautiful full-color illustrations in this book are accompanied by informative text explaining the major body

systems: circulatory, digestive, endocrine, lymphatic, muscular, nervous, autonomic nervous, reproductive, respiratory, skeletal and urinary systems. ? It's useful resource and valuable family reference, suitable for use by both adults and students. It's a must for every home library. ?
