David Alderton : The Illustrated Encyclopedia of Birds of the Americas before purchasing it in order to gage whether or not it would be worth my time, and all praised The Illustrated Encyclopedia of Birds of the Americas:

1 of 1 people found the following review helpful. Birds of AmericaBy Wire HairA book on Birds was requested for a 12 year olds Christmas present. I was having trouble finding a book that could be enjoyed by someone living in Nicaragua, yet I certainly selected the perfect one as I have been told that it is informative yet easy to comprehend. You can just imagine how delighted I feel knowing it will be enjoyed for many years.2 of 2 people found the following review helpful. Birds Of America An Illustrated Encyclopedia and Bird Watching GuideBy Karen: large, 9x 11.5 inch paperback, Intro, table of contents. Each species habitat, feeding habits and nesting grounds are explored in this fully illustrated beautiful guide to bird watching. Includes maps and species classifications. A must have for the

serious birdwatcher!

A rich information source for over 450 birds, clearly and beautifully illustrated with photographs and artworks.
