Alec Pridgeon : The Illustrated Encyclopedia of Orchids before purchasing it in order to gage whether or not it would be worth my time, and all praised The Illustrated Encyclopedia of Orchids:

2 of 2 people found the following review helpful. Excellent book By argosWell produced. Beautiful and detailed pictures with a limited but useful write up on each orchid type. A pleasure to use. 0 of 0 people found the following review helpful. EXCELLENT BOOK By Andres Torres This encyclopedia contains information needed for growing orchids. excellent photos. Quick and good description of the types of orchids. Price comfortable. Thank you very much. Happy new year 2014. 0 of 0 people found the following review helpful. One Star By Customer Not what i was looking for it just had pictures i wanted how to care for them

Our best single book on orchids is a perennial bestseller and an outstanding value at the price. Edited by an eminent

orchidist, it is aimed at a broad audience, from the flower lover with a casual interest in orchids to the committed enthusiast and professional. It fully describes and beautifully illustrates more than 1100 species and hybrids commonly in cultivation.

"A necessary and, therefore, highly recommended acquisition for any library with botanical or gardening readers." L. G. Kavaljian, *Choice*, February 1993
