**Peter Whitfield : The Image of the World: 20 Centuries of World Maps** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Image of the World: 20 Centuries of World Maps:

0 of 0 people found the following review helpful. Five StarsBy MimosaGreat book!0 of 0 people found the following review helpful. Great.By Amy PetersonI bought thgis as a gift for my son who is into ancient maps for some reason I can't fathom. He loves it and declared it great.20 of 22 people found the following review helpful. modern maps aren't always betterBy simpcityWhat a fetish we have made of accuracy and precision in maps! These maps--even the mediaevil ones showing the location of the Garden of Eden--are coherent world views. Many of the maps have been restored to their original look.Hard to know where to draw the line between art, science, religion and history. Excellent text.

About the AuthorPeter Whitfield is former director of Stanfords International Map Centre in London. He is also the author of Cities of the World, New Found Lands, Astrology, The Mapping of the Heavens, The Charting of the Oceans, Landmarks in Western Science, Sir Francis Drake, and London: A Life in Maps, the last also published by the
