**Sharon L. Yenney : The Physician's Resume and Cover Letter Workbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Physician's Resume and Cover Letter Workbook:

21 of 22 people found the following review helpful. Waste of paper and moneyBy A CustomerThe book has the appearance of a free pamphlet, and has a font size of approximately 18, with ten to twenty unorganized resume samples, most of which have errors which are pointed out on the following page. There are no guidelines and there is no format. I still don't know what to call a moonlighting position on a resume. What a waste.

With over 40 sample resumes and cover letters, The Physicians Resume and Cover Letter Workbook serves as a

valuable resource for any medical student, resident, or established physician who needs to compile a curriculum vitae. It contains carefully chosen examples for making a high-impact impression in a variety of scenarios -- group practice, clinic, HMO, hospital, research group, or pharmaceutical company.
