**Not Available : The Pittsburgh Jobbank** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Pittsburgh Jobbank:

2 of 2 people found the following review helpful. concise, simple, "to the point," no fluffBy Richard Chenin searching for a book that 1. specifically targeted the Pittsburgh area 2. had a reliable/trustworthy listing of prominent companies (instead of complining one myself), the Pittsburgh Job Bank fulfilled my demands exactly. the brief but extremely tip-

filled and concise guide to job-seeking was a pleasant surprise and added value. the companies listing itself is neatly divided into primary industry segments. though my search for Mechanical Engineering-related companies was not precisely hit, the Automotive and Gas/Energy/Manufacturing industries were close and the listing of professional organizations in those fields closed in on my hunt. the listings also caused me to brainstorm about my choices into companies and areas i'd never have otherwise considered.
