**From Oxford University Press : The Pocket Oxford Dictionary and Thesaurus** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Pocket Oxford Dictionary and Thesaurus:

expected, but then I should have known that "compact" means something different for Oxford than it does for other dictionary publishers (some of whom publish dictionaries with the type so small, I can hardly read them). Oxford uses a typeset with lots of white space which, of course, makes it much easier to read. In addition to the words, the tutorial on "Effective Writing for College and Career" makes this dictionary one that professors can use to prepare students for the rigors of college and business writing. All in all, if you want a compact (by Oxford standards) dictionary of the highest quality, get this edition. You can't lose! 6 of 6 people found the following review helpful. Great Dictionary By Foxone An absolute must to have on your desk. Both dictionary and thesaurus, it comes in very handy every single day. The only problem is the binding. Pages tend to go their own way after awhile. Nevertheless, even with the loose pages, I haven't replaced my copy. 0 of 0 people found the following review helpful. Four Stars By Joseph M. Good condition. Thank you

A unique reference that combined the best features of both dictionary and thesaurus, The Pocket Oxford Dictionary and Thesaurus was the first American reference work to offer integrated entries. Light and portable, sized to fit easily into a backpack, briefcase, or on any student or office desk The Pocket Oxford Dictionary and Thesaurus is guaranteed to be the most frequently used reference work you own.
