pocket implies a very compact book capable of being carried around. It's too large for that but it is a very valuable reference which translates English to Greek and Greek to English. For someone like myself (who spoke Greek over 50 years ago) this turns out to be very useful and has been used (both ways) since I received it. My wife has an identical dictionary except hers is Italian - English. She uses hers regularly and has done so for years.0 of 0 people found the following review helpful. I did get a brief look inside and know it will satisfy my needsBy Customerhaven't used it since purchase. I did get a brief look inside and know it will satisfy my needs. I plan to look for books on present day conversational greek (learn the language.)0 of 0 people found the following review helpful. One of the bestBy CustomerOne of the best concise Greek-English / English-Greek dictionaries I have encountered. I'd have preferred the hard case binding but the price was prohibitive. The typeface and size of text is quite readable and easy to sift through.
