Definitely worth the money and you are on your way to learn calligraphyBy restingrabbitGot this because I am in a group on Facebook called #rockyourhandwriting and everyone is doing calligraphy from beginner to expert. The book actually has two copies of Chapter One (one right after another) but other than that, it is a good way to start this form of penmanship, The pens are workable. Good enough quality to learn and advance with.0 of 0 people found the following review helpful. CalligraphyBy Susan E. HowellThe book is great the pens don't really work that well, but for the price I guess it will do.0 of 0 people found the following review helpful. Look that it comes with is great, I didn't have very much success with the nibs that came with the pen nibs though.

A fabulous kit box containing a practical instruction book, a calligraphy pen, ink, and four changeable nibs. The expert book includes everything you need to know about materials, techniques and equipment, with 12 complete alphabets to copy and over 50 st
