**Dave Burrluck : The PRS Electric Guitar Book: A Complete History of Paul Reed Smith Electrics - Revised and Updated Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised The PRS Electric Guitar Book: A Complete History of Paul Reed Smith Electrics - Revised and Updated Edition:

PRS guitars today appeal to a growing number of musicians, from Carlos Santana to Al Di Meola, from Zach Myers to Mark Tremonti. This book examines every part of PRS history, with an in-depth story, beautiful photographs, and

detailed collectors info. Paul Reed Smith set up his first PRS factory in 1985 in Maryland and has devised guitars from the regular Custom and McCarty models, through the outrageously decorated Dragon specials and the controversial Singlecut, and on to recent achievements such as the Mira, Dave Grissom DGT, JA-15, and the S2 models. Dozens of guitars are pictured inside along with players, ads, catalogs, and rare memorabilia. A detailed reference section helps musicians and collectors identify and date PRS instruments, making this revised and updated edition of *The PRS Electric Guitar Book* a must for all guitar fans
