From Brand: University of Nebraska Press : The Recipe Reader: Narratives, Contexts, Traditions (At Table) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Recipe Reader: Narratives, Contexts, Traditions (At Table):

Although the last decade has seen an intense and widespread interest in the writing and publishing of cookery books,

surprisingly little contextualized analysis of the recipe as a generic form has appeared. This essay collection asserts that the recipe in all its cultural and textual contexts from the quintessential embodiment of lifestyle choices to the reflection of artistic aspiration is a complex, distinct, and important form of cultural expression. Contributors address questions raised by the recipe and its context, cultural moment, and mode of expression. Examples are drawn from such diverse areas as nineteenth- and twentieth-century private publications, official government documents, campaign literature, magazines, and fiction, as well as cookery writers themselves, cookbooks, and TV cookery.

If you're a recipe reader . . . you'll find plenty of insights and substantial exploration within the pages of *The Recipe Reader*. *Gastronomica*
