It's a quick and easy read, with very clear step-by-step instructions. I needed to update my resume after having not done so for far too long; I was stuck, and so I bought this book. I followed Lisa's instructions, they got me 99% of the way there in very short order, and I am happy with the results. Two small gripes are 1) the lack of an index, and 2) that it doesn't really say what to do with those long lists of technical skills (you know, lists of programming languages and operating systems etc.) Definitely way better than the Knock 'em Dead book, although that one does contain a lot more sample resumes.2 of 2 people found the following review helpful. Very Good Common Sense writing! Showed me the mistakes on my current ResumeBy

BadboytimAfter reading this book, I discovered many things that are out of date and have probably gotten my resume rejected. I am starting a new resume using the advice from Ms. McGrimmon, so hopefully things will be looking up soon! I hope to have a good update. Good methodology and very clear in the points covered in the book.0 of 0 people found the following review helpful. Best Resume Book I've Found!!!By JT- Easy Read- Lots of Examples- Helpful ResourcesReally liked the downloadable Career Choice Guide Writing Form... Great for brainstorming and guides you through each resume section plus you can reuse or print as many copies as you need.

Write a Winning Resume - Step-by-Step The Resume Writing Guide, (updated for 2015) will show you, step-by-step, exactly how to create a resume that makes a great impression and gives you more power in the job search process.
