Peter Buckley, Duncan Clark : The Rough Guide to iPods, iTunes, and Music Online 5 (Rough Guide Reference) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Rough Guide to iPods, iTunes, and Music Online 5 (Rough Guide Reference):

0 of 0 people found the following review helpful. iPod information central By bksdelightme For iPod beginners, this book is full of helpful, easy-to-understand information, ranging from how to operate the iPod to how to download music from iTunes. It's small enough to tuck into a purse or briefcase so you can consult it when you need help. I had checked it out of the library and decided I needed my own copy. A great little book! 2 of 6 people found the following

review helpful. A must have for iPod fans!By Todd KenneyI bought the first issue,I had to have the second issue for the 5th generation.This book helps you learn more about iPod and iTunes.Just buy this book if you want to be a master at the iPod.

The updated 5th edition of the "Rough Guide to iPods, iTunes music online" is the ultimate companion to the defining gadget of the digital music era - and an essential guide to music and video on the Net, on your PC or Mac, and in your pocket. This new edition provides full coverage of the latest Apple models, including the iPod classic, iPod nano, iPod shuffle, and the iPod touch. All the latest accessories and software are road-tested with new-look iTunes 7 covered in full detail. This bestselling guide includes a fully revamped section on iTunes and Movies/Video, including the low-down on the new "Apple TV" hardware. Everything you need to know about buying music from the iTunes Music Store, as well as "iTunes Plus", which offers high-quality, DRM-free music. This book helps you discover how to select the right model and get the best deal, how to import your CDs and DVDs and manage your music and video library, how to digitize music from vinyl or cassette and download from the best online sites and stores, all this plus much, much more. Whether you already have an iPod or you're thinking of buying one, you need this book.
