I was so delighted with the pictures and information that I purchased a second copy for my daughter. The only bad thing is, I can spend way too much time reading and admiring this book!0 of 0 people found the following review helpful. The Royal Canin Cat EncyclopediaBy RVTravelerGreat book with information about various breeds of cats, although not as thorough as I hoped it would be when I ordered it.1 of 2 people found the following review helpful. The Royal Canin Cat EncyclopediaBy Joann PowellExcellent service. Very fast delivery. Book carefully packaged and in mint condition. I would use this site again without a doubt. Thanks, Joann

Extensive history of the cat both domestic and wild. Each breed is covered thoroughly describing markings, digestive performance, temperments, etc. Full color photographs throughout with a comprehensive glossary.
