Cheryl Gorn : The Secondhand Wardrobe: Have Fun Finding Stylish, Earth-Friendly Used Clothing Deals or Save Your Money and Go Green, One Chic Thrift Store Bargain at a Time before purchasing it in order to gage

whether or not it would be worth my time, and all praised *The Secondhand Wardrobe: Have Fun Finding Stylish, Earth-Friendly Used Clothing Deals or Save Your Money and Go Green, One Chic Thrift Store Bargain at a Time*:

*The Secondhand Wardrobe* is an introductory guide to chasing down the best used clothing deals. The book is a short (67 page) carry-along manual that explains why new and barely worn clothes end up in thrift stores and teaches how to tell the real treasures from the items that should be left on the rack. Read it and learn where you are likely to get the best bargains and why used clothing is the most environmentally friendly way to shop. Get pointers on how to organize your hunt for maximum efficiency and also get a fresh perspective on why many people feel uncomfortable buying and wearing used clothing. Learn to care for your garments, including how to ignore most "dry clean only" labels. In fact, wash just a few dry clean only garments at home by following the instructions in *The Secondhand Wardrobe* and you will recoup the cover price of this book.
