He emphasizes on confidence, where I got some inputs which helped me personally.0 of 3 people found the following review helpful. A Great ReferenceBy .I was fortunate enough to see Mr. David Portney speak at a Career Fair in Los Angeles. Mr. Portney is a dynamic speaker with great information and enthusiasm. At that time, I purchased his CD "The Secret of How to Ace Any Job Interview with Confidence". I have listened to it a number of times and have replayed certain chapters back as refreshers. It contains relevant information on the interview process and enables you to build your confidence. The section on building confidence and reducing nervousness is most helpful. There are many other tips included that can make your interview go smoothly. I highly recommend this CD to newbies and veterans alike.0 of 2 people found the following review helpful. David guided me wellBy DavidAfter losing my job I went to the LA convention center for a day of learning on how to get the next job. I'm in my late 50's and we all know there's no age discrimination out there (when was the last time you saw a 50 year old selling pharmaceuticals?). David's CD was an easy decision to purchase. I uploaded it into my iPod and listened

at the gym, in the car and wherever I could. I used the material to get hired within 6 weeks. Highly recommended and \$20 is a small price to pay. Good luck!!

"I think your program is excellent... much effort was put into making it a practical program people can use." --Harriet Meyerson, The Confidence Center
"Your CD Program really helped me, it was the first time I wasn't scared on a job interview!" --G. Mullen, Harbor City, CA
"My Son got his first job using the information on this CD, thank you" --M. Herrera, Los Angeles
From the Author
My 1-hour audio CD represents 2 decades of my professional experience as a hiring manager conducting countless interviews. Plus, I put 2 years of solid, intensive work into developing and producing this audio CD. What I've done is take my many years of professional experience and boil it down to ONLY the essentials that job seekers need to know - NO FLUFF, NO FILLER - only the meat, the hard-hitting facts so your resume stays out of the employer's shredder or trash can, and you get that interview and know how to handle it! And, what really makes me proud of this audio CD, is something you WON'T find in ANY other book, workshop, DVD, or audio program: this CD will actually eliminate your interview anxiety and nervousness about going on a job interview! FORGET ABOUT useless outdated "advice" and nice ideas like "breathe deeply" or "if you're prepared you won't be as nervous..." THAT'S USELESS BALONEY! I'm proud of the fact that people just like you are! getting jobs using my CD - plus, they're comfortable and confident on their job interview, and NOT nervous anymore. That means you put your BEST foot forward and make the BEST possible first impression! This CD will work for you whether you're new to the job market, a "seasoned pro", or somewhere in-between.
