Slangman David Burke : THE SLANGMAN GUIDE TO STREET SPEAK 3: The Complete Course in American Slang Idioms (2-Audio CD Set) before purchasing it in order to gage whether or not it would be worth my time, and all praised THE SLANGMAN GUIDE TO STREET SPEAK 3: The Complete Course in American Slang Idioms (2-Audio CD Set):

2 of 2 people found the following review helpful. Great even for advanced ELLsBy Perro Del SolI used this book and audio CD with some extremely advanced non-native speakers (Koreans who teach English as a foreign language in Korea) and they loved it. They found that they did not know 75% or more of the expressions in the book and they had a great time trying to incorporate the new language into their everyday conversations here in the U.S. Anyone who is a non-native speaker of English can benefit from this series.

The Slangman Guide to STREET SPEAK 3 audio program is bgonna (going to) letcha (let you) gedn idea ev (get an idea of) how Americans really speak! Here is what you will find in these audio CDs: First, you will hear the opening dialogue spoken slowly by native speakers! Next, you will hear the dialogue a second time. But this time, the dialogue will be presented at normal speed in order for you to get a realistic idea of how Americans really speak. After the dialogue, SLANGMAN presents the entire vocabulary section right from the book so you can hear real American pronunciation again. Finally, you will hear exercises from each chapter as ear training. It's also a great way to practice speaking like an American! NOTE: Best when used along with the paperback, sold separately. Yo, dude! Check out Slangman... hes da bomb! --The Los Angeles TimesThe various textbooks by Slangman David

Burke are excellent tools to remedy this widespread deficiency among foreigners studying English. There are certainly many fine English idioms textbooks out there, but very few books address practical, colloquial slang that we hear every day. The Slangman books are certainly the best in the field. Check em out, man! --Andrew Freund, Professor at UCLA
Such an exciting way for world travelers coming to America to fit in right off the bat! --CBS News
From the Publisher
The world is getting smaller every day: people are traveling more, making friends in other countries, and working with people who speak different languages in the workplace. We want to remove the frustration from communication and make it fun. We have a lot to learn from each other, but we can't even start unless we can communicate effectively. Our products allow people to learn the real language, the language not often taught in schools. Our books and audio products make it fun and easy to learn. We want to give you the confidence to speak English anywhere!

About the Author
SLANGMAN DAVID BURKE Being brought up in a multi-lingual household, David Burke used his language skills as a tour guide at Universal Studios in Hollywood, California, giving tours in English, French, Italian, and sign language. His love of language inspired him to delve into the intricacies of words and led him to become a prominent author of more than 100 books on understanding slang and idioms in different languages, as well as books that teach kids foreign languages through fairy tales. His materials on slang and idioms are currently used as course curriculum by Berlitz International, UCLA, Harvard University, NYU and Hewlett Packard, and even by the writers of The Simpsons to give Bart his coolness. Having been trained since the age of four as a classical pianist, David became the in-house music director for the Los Angeles Olympic Organizing Committee where he composed and scored documentaries, commercials, and public service announcements featuring top stars in Hollywood. In 1986, David founded Slangman Publishing which specializes in materials that teach children foreign languages, as well as products teaching teens and adults slang and idioms in a variety of languages. In 1999, David became known as Slangman to an audience of over 250 million people in 120 countries due to his regular 6-year segment on Voice of America (VOA), the broadcast network of the United States government. Currently, David has fused all of his language, musical, and performing talents together to create **HEY WORDY!**, a children's TV show, which introduces children ages 3+ to the world of foreign languages and cultures in an environment of music, animation, and magic.
