By JayleighI use this constantly, when writing letters of bereavement, or letters of encouragement. It helps me to be thoughtful of others and to still get my point across and stand up for myself, if necessary.

By ohiogregGreat book to have on hand as a Reference Book. Helps you to write those letters that are sometimes hard to put the words together (i.e. recommendation letters; unsolicited job hunting letters; sympathy notes, etc.)

The editors of "Guideposts" offer sample letters from a Christian perspective, including appropriate scriptures. Here are more than 500 letters for nearly every personal and business occasion. The letters can be used as presented or can be adjusted to reflect one's personal style.
