Bobby Owsinski, Paul Ill : The Studio Musician's Handbook (Music Pro Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Studio Musician's Handbook (Music Pro Guides):

0 of 0 people found the following review helpful. Get this book !!!By David J.I love this book it gave me insights it straightforward it gives a breakdown of what accessories do you need for your instrument in the requirements that you need as a studio musician I love this book0 of 0 people found the following review helpful. Five StarsBy Ivan John Jaquez JaquezLove the book and dvd!0 of 0 people found the following review helpful. Lame and not really helpfulBy Dorian TothSo.... these are some of LA's studio, "FINEST" musicians???? I do not feel that -and this video DVD is very poor

(Technical Reference). What happens during a big-time professional recording session can be easily applied to make even the most casual recording session successful. In The Studio Musician's Handbook , best-selling author Bobby

Owsinski and in-demand studio bassist Paul III reveal the inner workings of a major Hollywood recording session, including a look at the players themselves. You'll learn: * How you become a studio musician * Who hires you and how much you get paid * What kind of skills you need and what gear you must have * Proper session etiquette * How to apply these skills in every type of recording session Plus the authors have created individual session musician guides for guitar, bass, drums, vocals, keys, horns, and strings. Interviews with famous and influential session players are also included. As a bonus, an accompanying DVD takes you inside an actual record date in a world-class studio with world-class players.
