The cover illustration was delightful and the contents offered a quick wit a quick browse of some wonderful words. I would give this as a gift again.0 of 0 people found the following review helpful. excellentBy CSReccellent3 of 3 people found the following review helpful. Great book for word loversBy B. FairlightI have bought this book for English teachers and word lovers over the years and it's still a favorite for the FUN choice of words and the humorous style of the author. On thing that's great about it is that you can actually USE

a lot of the words--they are not too obscure or archaic to add to your active vocabulary.

A dictionary for those who perceive a difference, a handbook for Superior Persons who love words. Are you an Anglophile? (Stout fellow!) Just stand at this springboard and leave the fields of popinjay jabber and tongue-stumped battology behind forever! Step up for big dividends in the giddy heights of superior speech. Are you a rasorial searcher after words? Are nouns your bread? Adjectives your butter? Verbs your little salad? Adverbs your house dressing? Well, then, this is the book to shiver you futtocks! Put an end to fopdoodly speech; amaze your friends, baffle your enemies, write interoffice memos to end all discussion! Peter Bowler will teach you the practical riches of saying it well with good words, neglected words, precise words for vocabular exultation. A Superior Person is not defined by income, class, or sex. A Superior Person uses Superior Speech. And, if Aristotle's definition of art as something both entertaining and edifying is still toasted with glee, then there's art a-chock-a-block in Mr. Bowler's dictionary - a funny, useful, and elevating little book.

Nothing short of a brief dictionary for those who aspire to linguistic snobbery. --St. Petersburg Times  
From the Publisher  
Are you an Anglophile? (Stout fellow!) Just stand at this springboard and leave the fields of popinjay jabber and tongue-stumped battology behind forever! Stop up for big dividends in the giddy heights of superior speech. Peter Bowler will teach you the practical riches of saying it well with good words, neglected words, and precise words for vocabular exultation!  
About the Author  
Peter Bowler, our ageless author, has to his name several other published books - mostly irreverant paperbacks which treat serious subjects, such as death and religion, with regrettable flippancy. He has also written a book about child development, but could find nothing funny in that. His most recent book is the 1998 novel Human Remains. Today these books are mostly, as the French say, introuvable, lending them an intrinsic attraction for those who aspire to the unattainable.
