**Dr Myra White : The Superstar Roadmap: How Ordinary People Build Extraordinary Careers** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Superstar Roadmap: How Ordinary People Build Extraordinary Careers:

1 of 1 people found the following review helpful. Dr. White Provides A Visionaries Touchstone for The Process of Achieving SuccessBy VLAI have read this book twice, and enjoyed learning from Dr. White's real life examples. I have found that I speak of this book often to cite examples and I also refer to it weekly. Reading his book makes it interesting and easy to see the steps and difficulties these varied people overcame to reach success and apply these ideas in ways that are meaningful to your own course for success. Dr. White is awesome, and her book, teaching and thinking are valuable means to accept, contextualize, and overcome the many challenges for anyone who desires personal success. This is a wonderful book, and I recommend really taking the time to read and consider all that Dr. White presents within her work.0 of 0 people found the following review helpful. Five StarsBy shoopervery unusual approach, full of examples to illustrate the points made0 of 0 people found the following review helpful. Great Book with new ideasBy ThomasGreat book with new ideas. Anyone who is looking for new concept on skills (not taught or written about) should read this.

The Superstar Roadmap isn't about changing who you are. It's about changing what you do! Hidden within each of us is a superstar waiting to come alive. Often we never find this superstar. We give up too easily because the world leads us to believe that superstars have special talents we lack. Dr. White's research into how over 60 ordinary people, like Steve Jobs, Jack Welch, Warren Buffet, Lady Gaga, and many others, became superstars shows that we all have the potential to become superstars in what we love to do. We just need to know the way. The Superstar Roadmap shows you the way by providing you with a nine-step road map that will wake up the superstar in you.

ForeWord Clarion : 5 Stars Out of 5 Myra White has written an exceptionally engaging book that tells the stories of 60 people who became "superstars" and serves as a guide for successfully launching or changing a career. A well conceived, well written self-help book [that] will offer much inspiration and insight to all who read it.About the AuthorDr. White teaches leadership in Harvard's ALM management program and trains executives from around the world on how to be great leaders. She has a Ph.D. in psychology and a J.D. from Harvard Law School. A former competitive athlete Dr. White played on Harvard women's ice hockey team and competed in swimming and track.
