From imusti : The Thames and Hudson Encyclopedia of the Italian Renaissance (World of Art) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Thames and Hudson Encyclopedia of the Italian Renaissance (World of Art):

Within the vast literature of the Renaissance, this is the one indispensable book: for the student who is looking for a guide to the complicated maze of Italian Renaissance political history; the scholar who needs a convenient, unified reference source; the art lover who wants to discover the background to the masterpieces of painting and sculpture; the traveler in Italy who seeks to understand the great works of art and architecture within their context; and also the general reader who wants to learn more about this fascinating historical and cultural epoch. 237 illus., 3 maps, 11 family trees and a chronological chart.
