Evelyn Pesiri : The Thesaurus for Kids before purchasing it in order to gage whether or not it would be worth my time, and all praised The Thesaurus for Kids:

3 of 3 people found the following review helpful. Great for Language LearnersBy jkcIt is difficult to find a Thesaurus that works well for various levels of English Language Learners. I had a bunch of different ones in my classroom and tried them all, allowing students to work with them. I continually came back to this one. The print is a perfect size. It shows both synonyms and antonyms. There is a legend on every other page so students can refer to it without turning the page and they can have immediate access to it. This is important when we are discussing the words. Many entries have a phrase using the word. My ultimate thesaurus would be exactly like this with the addition of sentences using

the words. I have copies of the Scholastic Children's Thesaurus because it does have the sentences. I am chucking all other versions and using only these two in my classroom.0 of 0 people found the following review helpful. I recommend it for a four and 5 year oldBy terryThe kids age 6 and 7 found this to be too simple.I recommend it for a four and 5 year old.0 of 0 people found the following review helpful. Five StarsBy yuxiaosunIt's very helpful to my 3rd Grader!

An illustrated thesaurus containing synonyms, antonyms, and idioms for more than 2,000 words.
