From Orbis Books : The Thomas Merton Encyclopedia before purchasing it in order to gage whether or not it would be worth my time, and all praised The Thomas Merton Encyclopedia:

0 of 0 people found the following review helpful. A Merton Lover's TreasureBy CarolA fabulous book, which I'm happy to have. Got it inexpensively and quickly (used) on : yay. A former user of the book has underlined paragraphs here and there, which I have enjoyed perusing. The points that reader found significant enough to underline are interesting and significant to me too. Would not have paid full price, due to my budget constraints, so I like being able to buy used. It's in great condition, as well, book jacket and all. Great addition to my voluminous Merton collection.0 of 0 people found the following review helpful. Five StarsBy Mary E Parzychexcellent recommend0 of 0 people found the following review helpful. Five StarsBy KojakoneVery good, very pleased.

The authoritative essays, with 350 entries and 50 illustrations, written by top Merton Scholars, are arranged alphabetically and cover the following themes: -Merton's Books, --Essential themes that emerge from his books, -- persons who were important in his life, --the places where he lived out his life. An indispensable guide to the life and thought of one of the spiritual giants of the twentieth century.
