David Pringle : The Ultimate Encyclopedia of Fantasy before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ultimate Encyclopedia of Fantasy:

0 of 0 people found the following review helpful. Catalog of moviesBy S. L. OREILLYI expected a book about fantasy art and creatures. This is a list of movies in the 'fantasy' genre. It's fine as a catalog, not as an encyclopedia of fantasy nomenclature.1 of 3 people found the following review helpful. Not for meBy T. FitzgeraldNicely done, but not what I expected. I bought it because I saw Terry Pratchett's name. Great thought I, because I love Terry Pratchett books, and thought it would be something along those lines. But a Terry Pratchett book it is definitely not. Far from it. That's not to say other people wouldn't enjoy it, but not me. I would call it a coffee table book - one you toss on your coffee table for other people to thumb thru, but you never read yourself. It's one of those books that if I had seen it in a bookstore, then thumbed thru it, I never would have bought it.3 of 8 people found the following review helpful. Eh, alright...I guess.By D. NethThis book isn't all that great. When I got it, I thought it would be about mythical creatures and things and people in fantasy. Such as, witches, wizards and so on. But instead this book is about a Fantasy Media. So it tells you about things such as fantasy movies, books, and video games. But it is also kind of old, and I've noticed

that it doesn't have anything before 1997, and maybe even before. So it doesn't even talk about classic shows like: Charmed, Sabrina, the Teenage Witch, Supernatural, Smallville, or anything else. It doesn't even have the classic Harry Potter books! So, if you're looking to remember old time movies and books in fantasy, then this is the book for you, if not, don't get it.

From Tolkien to Terry Pratchett, this lavishly illustrated reference to the fantasy field has been compiled by the award-winning editor of "Interzone". 158 color photos/illustrations. 31 bw photos.

About the Author David Pringle was editor and co-founder of the internationally acclaimed fantasy and SF magazine, Interzone. Tim Dedopulos has been a fantasy researcher, game designer and writer for many years and is an expert on the subject.
