0 of 1 people found the following review helpful. Five StarsBy Kindle CustomerGood

With 250 color photographs and fifty black-and-white duotones, this up-to-date encyclopedia offers readers the very best from the millions of words, sounds, and images written, filmed, and recorded about the science fiction genre.

Alien encounters, body-snatching plantlife, super-intelligent obelisks, paranoid androids, and an ultra-violent aficionado of Beethoven -- there is enough variety in The Ultimate Encyclopedia Of Science Fiction to keep the science fiction fan entertained, informed and intrigued for a long, long time. The Ultimate Encyclopedia Of Science Fiction covers the themes and genres found in science fiction stories from traditional space operas to cyberpunk tales. A close-up of the seminal science fiction movies from Blade Runner to Zardos include information-paced box-outs with enough detail to satiate the most avid fan. A comprehensive survey of science fiction radio and television broadcasts is provided. An A-Z listing of the villains and heroes of science fiction is laid out, and a look at the

influential magazines that have helped shape science fiction while serving the devoted fans is an additional bonus. Further enhancing the value of *The Ultimate Encyclopedia Of Science Fiction* is an exhaustive glossary of science fiction jargon. -- Midwest Book
