This is a terrific book which I just read and will keep on my desk as a reference going forward. I particularly liked the chapters on how to structure your work day, marketing, the freelance pitfalls to avoid, and most of all, Chapter 14 about how to keep accurate financial records (overhead, expenses, taxes, saving for retirement, etc.). I've ordered another copy to give as a gift to a freelancer friend who is starting out.0 of 0 people found the following review helpful. NICE BOOK GREAT TIPSBy TeriA real good read...there were some things I already knew but if your a newbie there is some great information in how to get started and get going.0 of 0 people found the following review helpful. Solid business adviceBy namaste80108Well written and researched book on how to make the leap from office worker to full time freelancer. The book hits the key points on the business and legal side of a freelance biz.
