2 of 2 people found the following review helpful. paper book better for use in class By Deidre FI have the kindle edition on an iPad mini It lacks page numbers and the ability to find bookmarks or go back and forward to previous places in the book, in particular, the index and answer pages. Since it is used for a class it is not efficient as a paper book 0 of 0 people found the following review helpful. So Happy By Customer It was even better than I expected. 0 of 1 people found the following review helpful. It's a good book. Very good with grammar actually By Maureen Benigna It's

a good book. Very good with grammar actually. The problem is that I find pronunciation and listening just as important a part of learning as writing. These two former parts of speech are only found on the app as questions. This makes it very complex for a beginner to learn with and boring too.

Better than ever! The bestselling intermediate-level workbook has been expanded into a comprehensive, dynamic digital/print study tool that's sure to help you master French.
