**From Hal Leonard : The Ultimate Keyboard Scale Chart** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Ultimate Keyboard Scale Chart:

2 of 2 people found the following review helpful. NOT very comprehensive, but it's understandable enough to get you practicing scales at least ...By William F. Nappi... and THAT'S important. THIS I like. THIS is for beginners who are basically lost, own a keyboard, or two and or a piano, but no real education on what your doing while making what maybe sounds great to you and you want to find out what the heck you've been doing all this time and most likely

learn some new stuff about it to get better at it. THIS is useful to me. It isn't very comprehensive, but it's understandable enough to get you practicing scales I think. 2 of 2 people found the following review helpful. Five Stars By ERIC FORBES shipped very fast . I m happy 6 of 6 people found the following review helpful. Excellent! must have! By Bec This is a clear, easy to learn keyboard notes and scales of the piano. It makes memorization much easier and smooth learning for the keyboard beginner.
