Alfred : The Ultimate White Pages Guitar Vol. 1 A to Z before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ultimate White Pages Guitar Vol. 1 A to Z:

6 of 7 people found the following review helpful. Great book (with at least one very kid-unfriendly selection) By Paul S. R. Chisholm This (same ISBN, same selection of songs) book is now titled The Ultimate White Pages Guitar Vol. 1 instead of The Greater Guitar White Pages. (I've bought a copy under each name, and compared the song list on the back cover with the corresponding image.) It has 230 songs, many of them great, from five decades of rock, shown in musical notation and (depending on the song) tab or chord notation. Selections chosen at random: "All Star"; "California Dreamin"; "Good Golly Miss Molly"; "I Wanna Hold Your Hand"; "The James Bond Theme"; "Layla" (both versions!); "Miserlou" (that surf song that briefly cuts into "Hava Nagila"); "Rock Roll Band"; "Stop Draggin'

My Heart Around"; "Wanted Dead or Alive". We gave a copy to a 16 year old with fairly liberal parents; he played it almost nonstop for three days. We then bought a copy for a 14 year old with fairly conservative parents, and only then noticed Sublime's "Date Rape" on the list; still haven't decided what to do about that. For adults I'd rate it 5 stars out of 5.0 of 0 people found the following review helpful. Love it! By Daniel Patrick Shaw Love it! 0 of 0 people found the following review helpful. Price was good also. By Bama Plenty of music here for everyone. Price was good also.

(Guitar Recorded Versions). With over 200 songs in each book, The Ultimate Song Pages series really is the "ultimate!" These jam-packed collections feature lyrics with piano and chord arrangements in the piano books, and transcriptions in standard notation and tablature in the guitar books. With music in various styles covered in these songbooks, these really are some of the greatest compilations ever assembled! More than 230 songs, in complete authentic tab transcriptions. From the Beatles to Limp Bizkit, this is a self-contained complete guitar reference library spanning the classic rock era right through the modern rock era.
